## Our Difference

When you visit Calvary Cemetery, you immediately notice the beautiful grounds and peaceful settings. Our focus on customer service and caring for our community goes well beyond that. The Calvary Cemetery Difference is highlighted in our Mission Statement and Values on the back cover of this brochure; as well as the many options we offer for burial and interment.

## Tradition

Our Cemetery represents a meaningful history of loved ones, a record of their lives and a sanctuary for prayer and remembrance. Calvary Cemetery exists not merely for the memorialization of the deceased, but also because every life is worth living and remembering in the tradition of the larger Catholic community. The faithfully departed come from all walks of life and share the values of faith, family and heritage. Generations of families have come to eternal rest at Calvary Cemetery and younger generations are continuing this heritage and tradition so their family legacies live on.

## Our History

For over 125 years, Calvary Cemetery has been the preferred resting place for Catholic and Christian families from across Tompkins County. It is a perpetual care cemetery, meaning that when you purchase a plot and pay for interment, you are not just paying for the land or the work that goes with the interment. These fees help make sure it is maintained today and in the future. A portion of these fees are placed in a Permanent Maintenance Fund to ensure this perpetual care and upkeep. Calvary Cemetery is proudly owned and operated by Immaculate Conception Church.

We are here to assist you with any questions about our services. Please do not hesitate to reach out to our Cemetery Manager, Mike Moravec.

## Benefits of Pre-Planning

We encourage everyone to pre-plan their final resting place. This ensures that your end-of-life wishes are met and offers you and your family members peace of mind.

Pre-Planning also:

- Eliminates doubt for your family when the time comes
- Eases financial hardship for your loved ones
- Saves you money by purchasing at current prices
